Be There! BY ROGER E. HUSTON

For 61 years many have referred to me as a “County Fair Announcer,” a title I am proud to hold. From my first county fair in Lebanon in 1960 to Bucyrus in 2020, I’ve worked a total of 60 county and state fairs, including 41 in Ohio.

There is no doubt that county fairs are the backbone of the sport we love. Fairs are where so many of our horses begin and end their racing careers. So many of our drivers and trainers began their careers at the fairs as well.

The state of Ohio had 65 fairs this year that supported harness racing. Four different organizations, the Ohio Fair Racing Conference, the Ohio Colt Racing Association, the Home Talent Colt Stakes and the Southern Valley Colt Circuit make up the organizations that oversee fair racing.

This year, more than 1,000 horses were nominated to race at our fairs with 712 making it to the races in 2020. There were 400 pacers and 312 trotters in action. Many owners, trainers, drivers and caretakers depend, in part, on county fair racing.

As I write this, two Ohio fair champions, Designer Specs (14-14) and Bad Ms Johnson (14-24), are ranked with two others, Lazy Day Hanover (14-18) and First Gunner (14-19), to lead our sport with the most wins in 2020, regardless of age or sex.

This has been a rough year for everyone with the COVID-19 pandemic. It has affected harness racing with no racing for two months. For horsemen, there was little relief for them. For owners, it was hard with no money from purses, but the bills kept coming in. This affected everyone involved, from the small stable to the much larger operations. When we returned to racing, we were faced with strict protocols. When racing resumed, owners were not permitted to attend races to watch when their horses.

As a result, the OHHA developed the Facebook Live production in cooperation with Trot and Pace Marketing. This coverage of county fair racing was a blessing to all owners, giving them the opportunity to see their horses compete. The added benefit was the development and education of new fans of our sport. I hope that when the 2021 fair season arrives, these new harness racing fans will make a trip to a local county fair to enjoy the great sport of harness racing.

Always remember that county fairs have been the backbone of harness racing. They will continue to be in the future, and will continue to develop many horses, owners, drivers, trainers, caretakers and fans alike.

Be There!

TRACK NOTES

The finals of the Signature Series, which is usually contested at the Delaware County Fairgrounds, was held at MGM Northfield Park. In the trot, I Get It (Dontyouforgetit – Less Stress) went three-wide into the final turn and battled Wildfire Seelster (Aaron Merriman) down the stretch to win in 1:54.4. I Get It is owned, trained and driven by Bob Rowland. In the pace final, In Trouble Again with Chris Lems went wire-to-wire to win in 1:52.2 for trainer Jeff Nisonger. In Trouble Again is owned by John Van Horn.

Bad Ms Johnson became the winningest standardbred this season earning victory for the 15th time this year at the Fairfield County Fairgrounds. The three-year-old daughter of Big Bad John-Jenava is owned by Rico Johnson and trained and driven by Hank Le Van.

Dan Noble got off to an incredible start October 24th at Hollywood Dayton Raceway, winning the first six races on the 14-race card. Noble finished the night with eight winners. Noble is currently fifth in the dash standings but his 25%-plus win percentage is easily the best at Dayton Raceway.

Hollywood Dayton Raceway is conducting its annual coat drive for the St. Vincent DePaul charity in the Dayton area. All sizes of new or gently used coats, as well as hats, gloves and scarves, are being collected. Cash donations also are accepted. Coats can be dropped off in the bookkeeper’s office.

A recap on the horse racing fatalities to September 16, 2020 was provided by Racing Commission Consulting Veterinarian, Dr. James Robertson. It was noted that the numbers reported since 2009 are for training and racing related catastrophic breakdowns, analogous to the Jockey Club’s reporting requirements for sudden deaths that occur during training, racing, or 72 hours after a race. From last month’s report there was one Standardbred removed from the June report because it was not a catastrophic breakdown. From the last report there were no standardbreds, and four thoroughbred fatalities. Year-to-date total catastrophic losses are, twenty-two Thoroughbred fatalities and two Standardbred racing related fatalities statewide.

There was no discussion on Belterra Park’s extension for closing on the real estate sale for Boyd Gaming and Gaming and Leisure Properties (GLP). There was a status update on the permit holder and horsemen’s agreement negotiations between Belterra Park and the Ohio Horsemen’s Benevolent and Protective Association (OHBPA) and export signal shutdown. The HBPA has approved export to commence at Belterra.

The Monthly Racing Commission financial report was provided by Fiscal Officer Sherry White. The August revenue and expenses continue to be down, particularly the live pari-mutuel tax. The Racing Commission’s Operating Fund is at approximately $2,000,000.

The Racing Commission has had several meetings in-house regarding direction for a Resolution that will be provided in November’s Racing Committee Meeting. The Committee will meet to discuss in a virtual environment in mid-October, look for an announcement to follow. OHHAs Executive Director Renée Mancino discussed the pari-mutuel racetrack and county fair racing as the Eldorado Scioto Downs meet and fair racing reach their conclusion for the year. In addition, the recent mixed and yearling sale that was held August 25th at the Springfield Champion Events Center was conducted successfully in the COVID environment. The initial feedback on results from that sale were on par, or up slightly on average over prior year’s sales. Horsemen were looking forward to the Buckeye Select Yearling sale, which will be held September 18th at the Pickaway County Fairgrounds in Circleville, with virtual bidding capability.

Consideration to disqualify Attorney John Izzo from representation in case number 2019-18 was discussed. Charles Febus, Assistant Attorney General Charitable Law Section discussed the facts. The Racing Commission moved to disqualify John Izzo’s as Dan Noble’s Attorney. Removal was based upon two factors, first as a prior governmental employer. Under Ohio’s ethics rules an attorney working as a public officer or employee of the government must receive written approval prior to accepting representation of a current client in the same or a substantially related matter adverse to the prior client. John Izzo was formerly the Deputy Director and In-House Attorney for the Racing Commission. While working in that capacity, Mr. Izzo represented the Ohio State Racing Commission in a prior case against Dan Noble that concerned a similar issue. While representing the Ohio State Racing Commission they claim Mr. Izzo acquired confidential communications and had access to confidential information during the prior case that was related to his current representation of Mr. Noble. Consequently, they did not consent to the current representation of Mr. Noble. The commentary clarified this wasn’t a denial based upon prior employment only, because Mr. Izzo has appeared on behalf of many Defendants before the Racing Commission since his separation and segue into private practice without challenge from the Racing Commission. There was also discussion relating to referral to the Ohio Supreme Court for disciplinary action for the ethical violation. After discussion the consensus was an ethics report was not necessary. The Racing Commission unanimously ratified the move to disqualify Mr. Izzo from representation.

In the Matter of Dennis Putman. Blood Sample #880049 on the horse Locked Up Jack from the 6th Race at the Darke County Fair August 21, 2019. Testing by the Analytical Toxicology Laboratory at the Ohio Department of Agriculture on September 5, 2019 revealed a presence of Gabapentin, Mr. Putman appealed the ruling. The Hearing Officer’s Report and Recommendation after appeal was for a a five hundred dollar ($500.00) fine, a fifteen day full suspension, and a return of the $500 purse money. The Racing Commission unanimously ratified the Hearing Officer’s Report and Recommendations.

No Executive Session was needed, so the motion and vote was taken to adjourn and conclude the meeting.
